

SUSSEX COUNTY EDUCATIONAL SERVICES COMMISSION

October Agenda

October 2, 2023

REGULAR MEETING 7:00 P.M.

I. CALL TO ORDER BY MR. MOSCATELLO, PRESIDENT

II. ANNOUNCEMENT OF NOTICE

The New Jersey Open Public Meeting Law was enacted to ensure the right of the public to have advance notice and to attend meetings of public bodies at which any business affecting their interest is discussed or acted upon. In accordance with the provisions of this act, the Sussex County Educational Services Commission has caused advance notice of this meeting by having the date, time and place published in the NJ Herald, Star Ledger, and at the County of Sussex Clerk's Office. Meeting notice was posted on the door at the Northern Hills Academy.

III. FLAG SALUTE

IV. MISSION STATEMENT

The Sussex County Educational Services Commission is a public agency that seeks to create partnerships with public and nonpublic schools and local communities. The Sussex County ESC develops and provides meaningful programs for young people with unique challenges and their families. Our goals are designed to shape our students into productive independent adults. Sussex County ESC provides opportunities for the professionals in our communities to stay current with their educational practices while supporting districts with both cost effective programs and a wide array of services.

XI. SUPERINTENDENT’S REPORT

The first month of school has been busy with catching up on all requirements and attendance at all initial monthly meetings. Sussex County ESC has met with the Sparta Police to complete the MOA process and attended the Superintendent Roundtable and had them signed by Prosecutor Annmarie Taggart. Roundtable also shared many new educational opportunities in Sussex County. Sparta School District will be offering an Organizational Threat Assessment workshop with NJDOE and SCESC will participate.

The first Child Study Team Director’s meeting was held where we reviewed all new special education issues and discussed topics around the required paperwork by NJDOE. SCESC offered all of the professional development training topics for special education and hot topics under special education.

Superintendent has been working closely with the staff at NHA to determine best practices for several very aggressive autistic students. The school districts are working collaboratively with us to determine behavioral plans that are safe for students and staff. Unfortunately several students have had to be terminated for safety issues.

Non- Public billing has thoroughly been reviewed by the Superintendent and Business Administrator for set up for the 2023-2024 school year. Speech billing was examined and areas of concern regarding billing should be corrected. Unfortunately this means that student services were reviewed and the number of services will be decreased as funding dictates. Meetings with school districts and non public schools have been held to review the new procedures under billing.

Project Search Newton Medical Center and Hackettstown Hospital

The interns are in the classroom for the month of September being introduced to the protocols of the hospital, PRIDE Essentials(all staff required to complete for the hospital),and participating in the PS curriculum learning about proper workplace relationships. The hospital department supervisors will be coming into each class to introduce themselves and explain what they will be expecting the interns to do while in their department. Our skills trainer Norm, Azhar from HR and I have been working on adding departments for our interns to participate in and we have now added Radiology to our department list.

We are excited that we were able to open the Hackettstown location making new connections with thhospital staff every day. We are thrilled with the space provided to us for our classroom and the furniture being ordered for us. The space looks great!

The new staff is getting ready to conduct their first Employment Planning Meeting sending zoom invites with the interns and prepping them on proper meeting procedures. Our first Employment Planning meeting will be the first week in October and our official start date for the interns to enter their first rotation is October 10th. Each student has completed their VocFit assessment which will assist the instructor and intern in choosing a department that will best suit their abilities. The interns are now getting more comfortable separating from school to the workplace.

The hospital has included us in their free food truck festival and free ice cream events. Atlantic Health is holding a Disability Mentor Day on October 18th. The interins will explore departments that are not available to us at this time. This is a great way for us to market the program and possibly open up more departments to us -Atlantic Health will be bringing Hackettstown to Newton to participate. We have been selected to run the Rolling Resilience snack cart one day a week which helps the interns with hospital navigation, communication skills and makes the program more visible throughout the hospital.

John O'Hara is excited to present Project SEARCH success outcomes in Atlantic City with our Superintendent Andrea Romano and some Atlantic Health employees.

XII. BUSINESS ADMINISTRATOR'S REPORT

The business office has been working on processing all new hire paperwork. All the pension enrollments have been completed to date. Health Insurance enrollments are completed.

The enrollment process for any part time staff members that are eligible for the \$300 FSA contribution has been completed. Lindy has met with the new staff members and explained the FSA account to them.

There is an IRS regulation where employers can only contribute up to \$500 in a calendar year to an FSA account. Due to this, all eligible employees were given \$200 from 7/1/23 - 12/31/23 and then will receive another \$100 on 1/1/24. Brown & Brown did not realize this IRS regulation at the time we set up the account. This is the only year it will be a problem because of us contributing \$300 in March 2023. All impacted employees have been notified of this.

We have run into a number of obstacles when transitioning accounts to Lindy which have been time consuming to resolve. The most significant obstacle has been with AmeriHealth and is close to being resolved. We had to schedule a meeting with Brown & Brown to get them to assist in resolving the issues with AmeriHealth.

There was a glitch with the payroll merges between R&L and CDK . We were not able to download DAT files on our computer. The problem has been resolved and we are now in the process of reconciling our accounts to CDK. The monthly reports will be on the November agenda for approval.
