

LEA Plan for Use Of Funds

1. The extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning; ([count] of 2000 maximum characters used)

Sussex County Educational Services Commission remained opened for in person learning during the 2020-2021 school year and we continue to be open this school year to date. The HVAC upgrades has allowed us to improve our indoor air quality which is a vital means for allowing our school to stay open and remain open for our medically fragile / disabled students.

2. How the LEA will use the funds it reserves under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year; ([count] of 2000 maximum characters used)

N/A

3. How the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) of the ARP Act; and ([count] of 2000 maximum characters used)

N/A

4. How the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students. Under this requirement, an LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions.

([count] of 2000 maximum characters used)

N/A

5. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students. ([count] of 2000 maximum characters used)

The Sussex County Educational Services Commission collaborates with local organizations for our students that are experiencing difficult financial times. Sussex County ESC is a receiving school districts that works with LEA's for students that are out of district placements.
